

## Sarosh Education Campus

The Sarosh Educational & Welfare Society manages several schools and a junior college. The number of institutions, by the Grace of ALLAH and munificence of our patrons and well wishers have now risen to fourteen. These institutions provide education and training in pre-school, primary, secondary and higher secondary. The strength of the students exceeds 4000.

The management is of the view that education of girls is of paramount importance for the development and prosperity of the society. The girls, given opportunity are responding very well, scoring good marks in the examinations as well as making a mark in sports athletics and other curricular activities.

The society is fortunate in having a large campus in Talimabad, Mitmita, Aurangabad comprising 8 acres of land.

The following institutions with independent set of laboratories and library are functioning under the society.

### Talimabad Campus :

1. Sarosh Jr. College of Science.
2. Sarosh Scholar Batch.
3. Munawar Peerbhoy Sarosh English High School.
4. Sarosh English Primary School.
5. Sarosh English Pre-Primary School.
6. Sarosh Urdu High School.
7. Sarosh Urdu Primary School.
8. Sarosh Urdu Pre-Primary School.
9. Sarosh Marathi Primary School.
10. Sarosh Marathi Pre-Primary School.

### Khas Gate Campus :

1. Sarosh Jr. College of Arts.
2. Sarosh Urdu High School.
3. Sarosh Urdu Primary School.
4. Sarosh Urdu Pre-Primary School.

Sarosh Management during his visit.

## INFRASTRUCTURE

The management has provided excellent infrastructural facilities like well equipped modern science laboratories, well stocked library, computer lab with broad band internet facility, separate hostel for girls and boys and a spacious play ground.

Picturesque campus in the lush green foothills having well trimmed lawns and gardens provide a pleasant atmosphere to the students. The relentless efforts of the management to enrich the facilities with right academic atmosphere, has made Sarosh Education Campus a centre of education for the students from elite group, middle class as well as weaker section.

## VSAT ENABLED VIRTUAL INTERACTIVE CLASSROOM

Audio Visual classroom with V-SAT connectivity for virtual and interactive sessions, making education a lively and pleasurable experience by empowering teachers and enhancing students' performance.

## SCHOLAR BATCH - AIMS AND OBJECTIVES

It was felt for a long time that the meritorious girls and boys of the minority community though have potential to excel do not fare well due to lack of expert coaching, keeping this in view the scheme called Scholar Batch will commence from 15th April at the Sarosh Education Campus. The students enrolled in scholar batch will be coached for Std XI and XII Science Board Examinations. They will also be prepared for various competitive examinations such as medical and paramedical, dental, pharmacy, architecture, IIT and many other courses. Keen competition requires not only knowledge skill but also self-confidence and positive attitude which makes a big difference. There are large number of seats available every year and admissions to these courses are made through common entrance tests (CET), which are extremely tough. There is no magic formula to qualify. If the students have desire to succeed, willingness to work hard with the right guidance and motivation, they can work wonders. While working to achieve this, overall development of the students is one of our objectives.

## METHODOLOGY

During two years of coaching (XI and XII), the students of Scholar Batch are taught science subjects right from fundamentals to the stage from where they can confidently face any competitive examinations. The training methodology used is a blend of classroom instructions, seminars, quiz, unit tests, self-study, home assignments etc. The teaching of XI science commences from middle of April and is concluded by end of November. From December onwards these students are imparted coaching in XII Std. subjects and regular unit tests are conducted. Coaching for Common Entrance Test (CET), Pre-Medical Test (PMT), IIT Screening Test etc is also imparted along with the syllabus which is completed by the end of April, after which these students start revision, solving question papers and model papers till next March i.e. for one full year. Physical training exercises will be part of their routine activities to keep them fit and mentally alert.

Due care will be taken for the overall personality development. Lectures by eminent experts in various fields will be organized. To expose the students to the competitive world they will be encouraged to participate in science and technology exhibitions, undertake study and excursion tours, imparted training in swimming and computer usage. Great emphasis will be laid on building of a strong moral character.

## ELIGIBILITY & SELECTION PROCESS

The students both boys and girls of any medium ( Urdu, English, Marathi) on the basis of their performance at the Preliminary SSC Examination ( 75% & above marks) with good chance of maintaining good performance at the SSC Board Examination are eligible to apply. The students are required to appear for screening test based on SSC syllabus alongwith aptitude test. The selection is made strictly on merit.

Concession in the fees will be considered for meritorious economically weaker deserving students.

**SCREENING TEST**

The eligible students who wish to opt for the Science stream and desirous to join the Scholar Batch, should send the application through their schools at the address given below. The Screening Test will be based on SSC Board Examination Syllabus - Difficult D - Level.

S.No.	Subjects	Marks	Time
1	Maths – I (Algebra)	25	50 Min.
2	Maths – II (Geometry)	25	50 Min.
3	Science – I	25	50 Min.
4	Science – II	25	50 Min.
5	English*	25	50 Min.
6	Aptitude Test	25	50 Min.

\* For English medium students – Higher English  
For other medium students - Lower English.
